

# THANK YOU

## Thank You Congress for Helping RESTORE Texas

We'd like to thank the Members of the Texas delegation who voted to pass the RESTORE Act and ensure that a fair share of the billions of dollars in fines from the Deepwater Horizon oil spill comes back to Texas.

We look forward to working with state leaders and the Administration to ensure these funds create local jobs, strong communities and long-term economic health by restoring our Gulf Coast wetlands, wildlife and ocean waters.
